DETAILED ACTION

1. This office action is in response to the Request For Continued Examination (RCE) filed on February 28, 2006, in which claims 1-4, 7-9, 11-18, 21-23, 25-32, 35-37 and 39-42 are presented for further examination.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on February 28, 2006 has been entered.

Drawings

3. Applicants are required to furnish the formal drawings in response to this office action if the formal drawings have not been submitted. No new matter may be introduced in the required drawings. Failure to timely submit a drawing will result in ABANDONMENT of the application.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-4, 7-9, 11-18, 21-23, 25-32, 35-37 and 39-42 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the

subject matter which applicant regards as the invention. Claims 1, 15, and 29 recite a set of limitations, wherein such limitations have no functional relationship to each other and wherein each limitation can perform independently without any interruption of other limitations. It is unclear as to what kind of multi-functional management tool the applicant is referred to. The applicants fail to show how such multi-functional management tool is used to manage customer and product information.
